Dear Sir/Madam:

On behalf of Committee T1 and TIA, we are pleased to extend this invitation to the 5th Global Standards Collaboration meeting (GSC-5) and the 8th Global Radio STandardization meeting (RAST-8), which will be held in connection with GSC-5. It is our intention to handle items of common interest within the opening GSC plenary session and to subsequently split into separate GSC and RAST meetings.

We will hold a reception Sunday evening, August 22, 1999, for all participants and their companions. The meetings will begin promptly Monday morning, August 23, 1999, and last for four days. Our goal for GSC-5 is to continue our rich history of collaboration, including continuing the GSC-4 and RAST-6/7 work on developing methods for sharing information and developing consensus in advance of contributing to the ITU. The theme for this meeting is "Standards Collaboration to Enable New Millennium Markets."

Enclosed you will find the meeting Registration Form. We hope that you will appoint a representative promptly and we ask that you complete and return the form to the Committee T1 Secretariat by March 1, 1999.

We look forward to future collaborative efforts.

Sincerely,
