ATIS

The Protection Engineers Group (PEG), a special forum of the Alliance for Telecommunications Industry Solutions (ATIS), is comprised of specialists who meet annually in a conference format to share common concerns and interests regarding the electrical protection of communications facilities. Additionally, PEG serves as an information sharing group for those companies and their employees involved in all aspects of electrical protection for wireline, wireless, and cable communications.

“Sponsors of PEG” is a new program being launched in 2008. Knowing of your interest in the group and/or the companies affiliated with PEG, your organization is among the first to be solicited as a “Sponsor of PEG.” Inaugural sponsorships are divided into two categories: Gold and Silver.

The Gold sponsorship is \$1,000. Each Gold Sponsor will be recognized and entitled to the following on a one-year basis and/or entitlements for the PEG 2008 Conference:

- Your organization’s logo and direct link back to your organization’s web site on the ATIS PEG web site (<http://www.atis.org/peg/index.asp>)
- A 10% discount on **all** “Vendor Demo” space purchased for the PEG 2008 conference
- One free admission to a designated organizational member to the PEG 2008 conference
- Special recognition at PEG 2008 and the organization’s logo and web site url in the official conference program
- A full list of PEG 2008 participants with mailing addresses.
- The use of the ATIS logo and ATIS PEG link for your organization’s use on your organization’s web site.
- A free one-year membership to the PEG

A Silver on-year sponsorship is \$500. Each Silver Sponsor will be recognized and entitled to following:

- Your organization’s name and a direct link back to your organization’s web site on the ATIS PEG web site (<http://www.atis.org/peg/index.asp>)
- A 5% discount on **all** “Vendor Demo” space purchased for the PEG 2008 conference
- Special recognition at PEG 2008 and the organization’s name and web site url in the official conference program
- A full list of PEG 2008 participants with mailing addresses
- The use of the ATIS logo and ATIS PEG link for your organization’s use on your organization’s web site.

If you are interested in the “Sponsors of PEG” and would like to be counted among the inaugural group contributing to either sponsorship category, please contact me at [jpemard@atis.org](mailto:jpemard@atis.org), +1 202-434-8824 at your earliest convenience.

ATIS PEG looks forward to working with you in promoting those areas of electrical protection and communications.

Jean-Paul Emard

ATIS Director of Industry Forum
